Ah, pleasant reading with Chibi Manga. Oh the glory They're 5 years old now!!! I've only been with them for almost a year. A year of proofreading for the most understanding and kind people. A year of knowing the getting a little too excited every time I work on my projects. A year of getting uncontrollable much feelings throughout my whole body just by opening the document. A year of postponing school work just because I literally got addicted to proofreading. And after all this, all the blood sweat and tears that come up because I felt the need to be so dedicated to such nice people which resulted in a lot of sleep deprivation and avoiding school work. This probably sounds a bit over the top for a private caller, but I don't care at all. It's hard work and I gladly do it with all my heart. If something is worth doing it's worth doing well. I salute you all! I can't wait to get to meet you readers

I can't even hold hands with
